### WHY?

On Saturday, May 8th, 2021, when he was 15, Kaden Bagley lost his right leg in a boating accident. The Jordan Thomas Foundation (JTF) swept in and provided Kaden 2 additional prosthetic limbs and a community of emotional support. Because of the blessings experienced, Kaden and his family decided to host a 5K to raise money and give back to JTF so they could help more kids just be kids. Last year's money raised DIRECTLY impacted and helped MANY other kids with limb loss including a young man local to our city

Carson Galloway (17) was involved in a motor vehicle accident on June 23, 2023. He sustained life-threatening injuries as a result of the crash and was transported to the hospital where he had to make some hard decisions and Carson decided to amputate his right leg and rehabilitate his left arm.

Kaden visited Carson in the hospital to give him hope and encouragement and a friendship blossomed. JTF partnered with local prosthetist, Tripp Rice at AOPI, to provide Carson with 2 additional activity legs. Carson will be trying out his new "extreme" sports leg out in Feb 2024 as he travels with Kaden to Beech Mountain to snowboard again for the first time since his accident. (Kaden's first love is skiing!!)

Both boys are living full lives despite their limb loss. For more on Kaden's journey, please go to: [www.caringbridge.org/public/kadenbagley](http://www.caringbridge.org/public/kadenbagley)
